Stop wasting taxpayers' money on the decade-long competitor-driven persecution of Microsoft.

America's taxpayers have had to fund this prosecution, diverting government funds from investigating harmful antitrust violations and illegitimate monopolies.

The proposed settlement encourages consumer product-choice, promotes product innovation, and provides non-Microsoft related computer and software manufacturers with confidence in marketing their own products. It also frees up Department of Justice resources to pursue antitrust violations that currently harm the public.

Some of the State Attorneys General want to continue this litigation: Don't let them!

I support the Bush Administration and Microsoft in their desire to settle this lawsuit.
